

## Transcript for Early Cases

0.00:16 – 0.00:30

In 2005-2010 Cyber criminals stole over 90 million credit and debit card numbers from a large retail chain and were able to use themselves and sell to other people.

0.00:31.25 – 0.00:40

In 2009, Peter Chapman murdered Ashley Hall in the United Kingdom after befriending her on Facebook.

0.00:42.26 – 0.01:00

From around 1990 onwards, John E. Robinson adapted his criminal behaviour to the Internet, where he was able to identify and meet more of his victims. He has been convicted of eight murders but is suspected of more.

0.01:01.25 – 0.01:16.03

In 2001, Enron declared bankruptcy. Although paper documents were destroyed, investigators were able to piece together the fraudulent practices from the digital records that had not been destroyed
